

PASIC18 Sound Policy

1. Instruments are not to be played for more than 20 seconds continuously.
2. Volume level must be moderate (mf) or lower.

Failure to adhere strictly to this policy will result in the following:

1. Warning. Offender's Badge will be punched.
2. 24-Hour Expulsion from the Exhibit Hall. Offender's Badge will be punched a second time.
3. Expulsion from the Exhibit Hall for the entire convention. Offender's Badge will be punched a third time.

Failure to cooperate with security will result in permanent expulsion from the entire convention and possibly future Percussive Arts Society events. All decisions by PAS staff are final. No refunds will be issued.

The above stated sound policy will be enforced and supported by the following measures:

1. Sound monitors will be on duty in the exhibit hall during exhibition hours.
2. Announcements in regard to the sound policy will be broadcast over the public address system in the exhibit hall at regular intervals.

Additional measures include:

1. Sound monitors will be clearly identifiable with uniformed clothing.
2. Sound monitors will be equipped with decibel meters and radios.
3. Information about the sound policy will be disseminated to all exhibitors and attendees prior to the convention.
4. Exhibitors that use amplification in their booth are required to use head phones.

It is the intention of the Percussive Arts Society to find a balance with all exhibitors to allow the best possible experience for the largest amount of attendees. With everyone's cooperation we can enjoy an environment that is acceptable for all and does not require punitive action by PAS against its members, either corporate or individual. Thank you for your support and effort to make PASIC18 in Indianapolis another success.

PAS reserves the right to shut down any exhibitor booth for violation of any expo policy. No refunds will be given.
